Missouri Senior Rx materials now available in public libraries

The high cost of prescription medication burdens many older Missourians. The Missouri Senior Rx Program, available through the Missouri Department of Health and Senior Services (DHSS), serves individuals age 65 and older who are living on a fixed income but not eligible for Medicaid. After meeting a deductible based on income, the program can cover 60% of eligible drug costs for those individuals that qualify.

In an effort to promote the service to all eligible Missourians, DHSS is sending a packet of Senior Rx materials to every public library in the state. The packet will include a Senior Rx poster, brochures, applications, and a cover letter explaining the program. The Senior Rx office asks that libraries display the materials through February 28, 2004, the deadline for applications.

For more information about Missouri Senior Rx and downloadable applications, visit <http://www.dhss.mo.gov/MoSeniorRx/> or contact Charisse Pappas or Jan Sealock at (866) 256-3937.
